Motorola Droid Mini Front screen Replacement

This guide explains how to replace the front screen for the Motorola Droid Mini.

Written By: Alec Fales

TOOLS:

- iFixit Opening Tools (1)
- T5 Torx Screwdriver (1)
- Tweezers (1)

Step 1 — Back Case

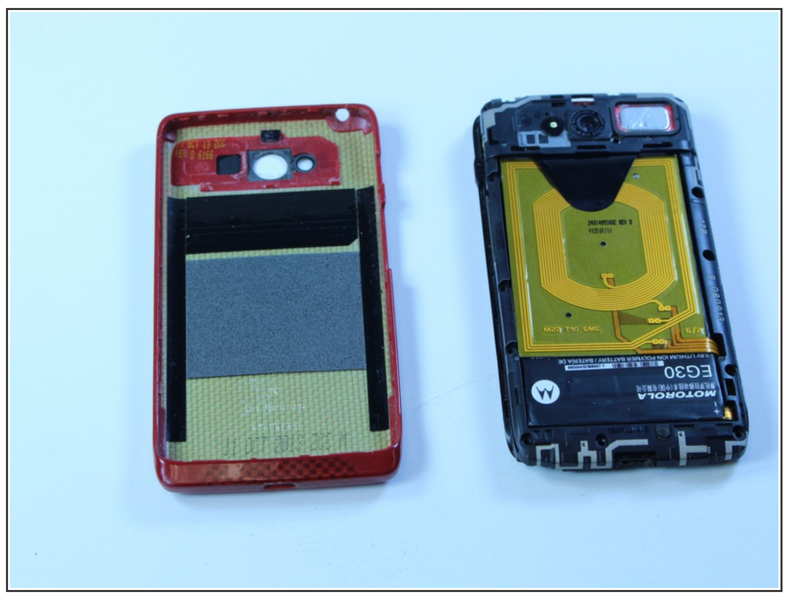

- Pull out the volume keys using the plastic opening tool.

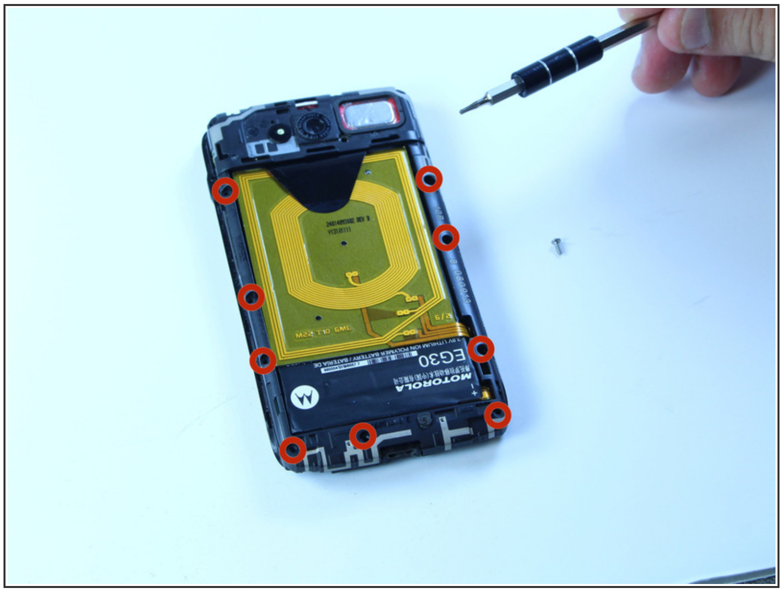

Step 2

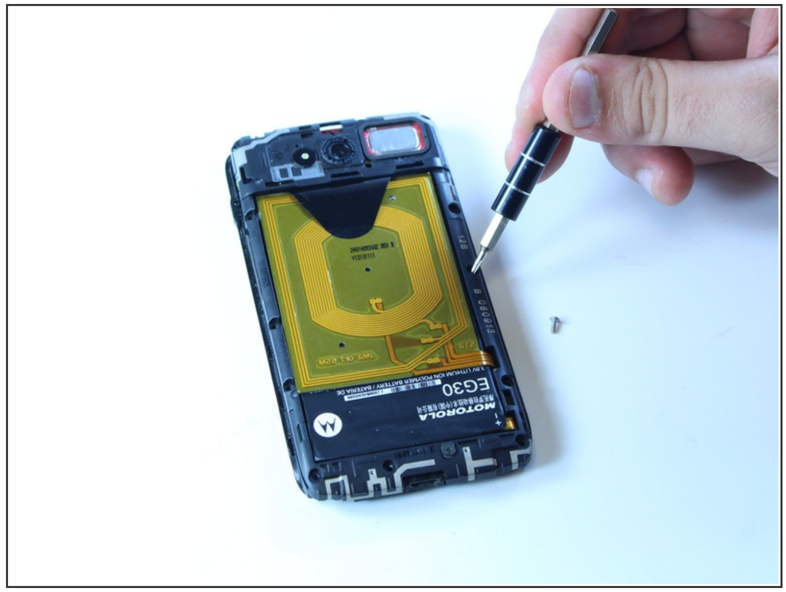

- Use the plastic opening tool to gently pry off the back case. Make sure to go around the entire perimeter of the case.

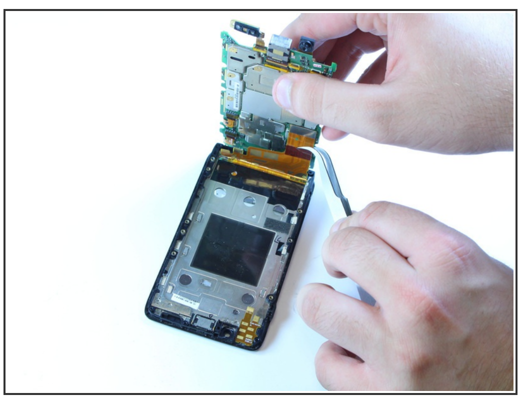

Step 3 — Front screen

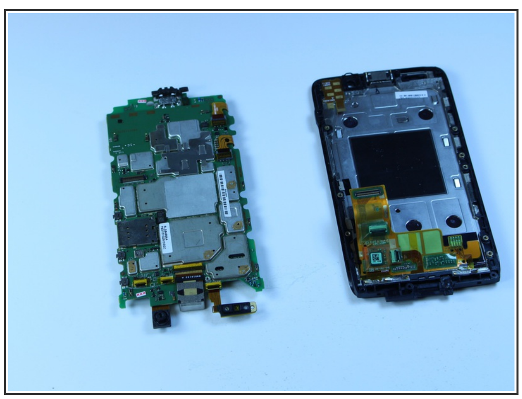

- Use the T5 screw head to unscrew the 9 silver screws from the housing frame. Carefully separate the housing frame from the motherboard.

Step 4

- Carefully use the tweezers to separate the motherboard from the screen.

To reassemble your device, follow these instructions in reverse order.
